

**BLACK
HISTORY
MONTH**

**CBS Student Life Ministry
Celebrate Black History Month
2023 Theme: "Renewal"**

Have you ever wondered why Black History Month is celebrated? We realize that over time the reason why all nationality holidays are celebrated has been lost. The important historical facts, trailblazers, and pioneers are no longer talked about or remembered. Our prayer is that in 2023 we can share some important historical facts about all the nationality holidays that will provide a renewed understanding of why we celebrate these holidays, and we are beginning with Black History.

We invite you to join us live on the CBS Houston Campus or virtually via streaming on **Thursday, February 23, 2023, at 12:30 pm** for the Celebration of Black History Month.

The speaker will be Artis Lovelady, III, professor at the College of Biblical Studies, and Sr. Pastor at *Word of Grace Missionary Baptist Church*.

We will serve light refreshments. Please help us prepare adequately by letting us know if you will join us on campus.

Click [here](#) to RSVP.

*"Worthy are You to take the book and to break its seals; for You were slain, and purchased for God with Your blood **men from every tribe and tongue and people and nation**. You have made them to be a kingdom and priests to our God, and they will reign upon the earth."*

(Rev. 5:9-10; emphasis added)
