About the College of Biblical Studies

The College of Biblical Studies-Houston is a global higher education institution with over forty years of experience in training multiethnic leaders in biblical education. Since 1976, CBS has remained true to our mission of providing a biblical education that embraces all ethnicities. As we honor our past, we continue to create a quality, biblical academic environment with exceptional faculty and staff, and an innovative, life-changing curriculum that serves the body of Christ and the world by developing faithful, educated leaders from “every tongue, every tribe, and every nation.”

Mission Statement

The College of Biblical Studies exists to glorify God by educating and equipping multiethnic Christian leaders to impact the world for Christ.

Vision Statement

To develop and disciple multi-ethnic Christian leaders who transform underserved communities through a life-changing biblical education.

Institutional Values

CBS is committed to nurturing in all modalities, in its programs and among its boards, faculty, staff, and students these primary values:

1. **Truth.** Every word in the original writings of the Holy Scriptures is inspired of God and without error.
2. **Holiness.** Christians are called to a holy life of service and testimony in the power of the Holy Spirit, which service includes the propagation of the Gospel message to the whole world. There is promised reward in Heaven for faithfulness in such service.
3. **Social Consciousness.** The church is the body and bride of Jesus Christ which embraces all true believers who are born of the Spirit through faith in Jesus Christ.

Six Institutional Goals

Through the College’s curricular and co-curricular experiences, CBS students demonstrate:

1. Biblical and theological knowledge, recognizing Scripture as the ultimate authority for life and godliness.
2. Skills that reflect critical thinking and problem-solving ability.

3. Attitudes and values indicative of an integrated biblical world view.
4. Sensitivity to various cultural viewpoints.
5. Skills of effective communication.
6. Skills for Christian ministry.

Key Distinctives

The College was developed to provide college-level training in Bible and theology for those individuals who had little or no opportunity to receive such training by conventional means (resident, full-time). As a commuter college, this training is accomplished in a unique way through our key distinctives:

- **Biblical** – curriculum is primarily focused on a biblical worldview, based on scriptural truth, with its focus on ministry preparation and life transformation.
- **Diverse** – students study and experience the education process with fellow students from a variety of ethnic and cultural backgrounds.
- **Accessible** – courses are available during the day, evening, and Saturdays, as well as online to provide the CBS commuter college students the opportunity to “fit” their studies into their life schedules.
- **Affordable** – the cost of attendance is intentionally lower than other accredited private institutions, and financial aid is available to assist students in meeting the financial requirements of their studies.

History of the College

The College of Biblical Studies-Houston has been leading transformational education for over forty years. Formerly Houston Bible Institute (HBI), CBS began as a burden in the heart of the late Rev. Ernest L. Mays, the founder of HBI. He sensed that large segments of the local Christian community were functioning without trained leaders. This was especially true within the inner-city minority groups. Out of this concern, Houston Bible & Vocational Institute was incorporated in 1976. Mr. William Thomas, Jr. and Rev. Joe Wall assisted in the development of a multi-racial, interdenominational board, which began working to make the school a reality. Within a short time, a decision was made to focus on biblical and theological training because they felt that there were already adequate resources for vocational training in the area.

In the fall of 1979, the first classes of Houston Bible Institute were offered. Rev. Rodney L. Cooper was the school's first Executive Director. From its inception, the school used the facilities of KHCB-FM, a Houston-based Christian radio network, for its classrooms, and leased administrative space nearby.

In 1983, Rev. Rod Cooper resigned to pursue a PH.D., and the Board promoted Rev. Jack Arrington, then Vice President, to President. President Arrington continued the difficult task of building the foundation and establishing credibility in the minority community.

In 1991, God called Rev. Arrington to the pastorate and Dr. William Boyd to fill his vacancy. Dr. Boyd began the process of building the superstructure on the vision of Mays and the foundation of Cooper and Arrington. He implemented a scholarship program that resulted in significant growth of the College. Under Dr. Boyd's leadership, in 1996 the school was certified as a college and the name was changed from Houston Bible Institute to College of Biblical Studies – Houston. In 1999 CBS achieved national accreditation through the Accrediting Association of Bible Colleges (now the Association for Biblical Higher Education-ABHE).

In July 2007, God called Dr. Jay A. Quine to the presidency and Dr. Boyd became the Chancellor. Dr. Quine provided leadership for the creation of the 2008-2013 Strategic Plan that focused on the addition of a traditional bachelor's program, a Center for Continuing Studies, and pursuit of regional accreditation.

In July 2012, God called Dr. William Blocker to the presidency to provide leadership to the College in the pursuit of becoming the premier Bible College in Texas, and furthering its impact on families, churches, and communities.

In December 2013, the College of Biblical Studies – Houston was granted member status for accreditation with the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). Thus, the College is now dual accredited with both ABHE and SACSCOC.

In January 2014, the College began offering distance education through the delivery of online courses. The Institution is now a member of NC SARA, regional compact for higher education institutions to offer online courses and degrees across state borders.

In 2017, the College pursued recognition with NC-SARA and is an approved institution to offer online degrees and courses outside of Texas.

In February 2017, Dr. Blocker began a conversation with Dr. A. Charles Ware, president of Crossroads Bible College, Indianapolis, about the possibility of merging both Institutions. The conversation was favorable and soon a Feasibility Team was formed to begin the next phase of the process. After a series of meetings, planning, and implementation, the Institutions received

permission from the accreditors that both Institutions were permitted to pursue a merger effective July 1, 2019. In addition to the institutional merger, CBS received religious exemption to operate in the State of Indiana. This exemption provides CBS students the access to state grants for their degree program. Currently, CBS has two additional locations in Indiana for residents to pursue on ground and online degrees. A streamlined administrative staff and faculty operates at both locations.
